

Empower NEETs for social entrepreneurship

Webinars Training Programme

Phase	Webinar Number	Content	Studying hours
All Webinars will take place on Thursdays at 17:30 – 19:30 CET (https://time.is/CET), at the specified dates, as mentioned in this table.			
PR 1 – Digital Skills Webinars (7th ^t of April 2022 – 30 th of June 2022)	1 st Webinar 7th of April by e-Nable Greece	<p>3D Printing basics: Basic principles, Materials (PLA, ABS, Carbon, PETG, Nylon, Flexible and more), methods (Material extrusion, photo Polymerization, Powder Bed Fusion, Material Jetting, Binder Jetting), general applications and applications for Innovative Entrepreneurial Ventures.</p> <p>Learning outcomes: After the completion of the webinar, participants should be able to:</p> <ol style="list-style-type: none"> 1. Describe the basic principles of the 3DP technology 2. Recognize the different 3DP technologies and identify the materials used for FDM printing 3. Describe existing 3DP applications and startups on the current market 	<p>Webinar duration: 2 hours with a 15/20min break Studying hours: 2 hours Quiz: 30 minutes max</p>
	2 nd Webinar 28th of April by e-Nable Greece	<p>3D Printing hardware and types of 3D Printers for Material extrusion (FDM). Components of a typical FDM printer (Extruder, Hotend, nozzle, steppers, fans, bed, leveling sensor, other sensors etc.). Bed leveling manual or automatic. Different types of FDM printer (Cartesian or polar or Delta, open or with enclosure, dual filament etc.)</p> <p>Learning outcomes: After the completion of the webinar, participants should be able to:</p> <ol style="list-style-type: none"> 1. Describe the basic parts of an FDM 3D Printer and identify the characteristics that are significant for a quality final print. 2. Describe how to fine tune an FDM printer (feed the filament properly, level the printer's bed, etc.) in order to achieve better printing quality and avoid printing failures 3. Decide on using different types of polishing and finishing techniques on a 3d printed part to improve the quality and appearance of the part. 	<p>Webinar duration: 2 hours with a 15/20min break Studying hours: 2 hours Quiz: 30 minutes max</p>
	3 rd Webinar 12th of May by e-Nable Greece	<p>Slicing software part1: Basic Settings for slicing. Add & manage printers, add stl files & edit (move, scale, rotate, mirror), layer height & walls, bed & nozzle temperatures Slicing software: Ultimaker Cura</p> <p>Learning Outcomes: After the completion of the webinar, participants should be able to:</p>	<p>Webinar duration: 2 hours with a 15/20min break Studying hours: 3 hours Quiz: 30 minutes max</p>

		<p>1. Import, manipulate and slice a 3D model in a slicing program</p> <p>2. Understand how the printing quality of a 3D model is affected by important slicing parameters.</p> <p>3. Tweak the appropriate settings in order to export a functional G-code file, used to print a 3D model.</p>	
	<p>4th Webinar 26th of May by Open Europe</p>	<p>User Interface: Workspaces, Select, Move, Rotate, Scale and Create objects. Edit Mode and Basics modeling Tools: Extrude, Insert, Bevel, Loop Cut and Knife.</p> <p>Learning Outcomes: After completing the 4th webinar participants should be able of:</p> <ol style="list-style-type: none"> 1. Understand the blender interface. 2. Manipulate objects. 3. Know about editing modes in different ways. 4. Use different modeling tools such as Extrude, Insert, Bevel, Loop Cut and Knife 	<p>Webinar duration: 2 hours with a 15/20min break Studying hours: 2 hours Quiz: 30 minutes max</p>
	<p>5th Webinar 9th of June by Open Europe</p>	<p>Create a complex model in 3D modeling Tools and Bool Tools (Difference, Union, Intersect, Slice)</p> <p>Learning Outcomes: After completing the 5th webinar participants should be able of:</p> <ol style="list-style-type: none"> 1. Model 3D objects for different uses: 3D printing, render, cinematics, video games 2. Continue training in the world of 3D with courses and tutorials 3. Continue to improve their knowledge of Blender and its possibilities 	<p>Webinar duration: 2 hours with a 15/20min break Studying hours: 2 hours Quiz: 30 minutes max</p>
	<p>6th Webinar 30th of June by all partners</p>	<p>Sum up of the PR1 Webinars</p>	<p>Webinar duration: 2 hours with a 15/20min break Studying hours: 1 hour Quiz: 30 minutes max</p>
<p>PR1 Evaluation report</p>		<p>Trainers of the PR1 Webinars will fill an evaluation report for the progress of the participants.</p>	
	<p>7th Webinar 15th of September 2022 by EDF</p>	<p>Successful leaders are those with a good business plan</p> <p>Learning outcomes:</p> <p>After the completion of the webinar, participants should be able to:</p> <ul style="list-style-type: none"> • Create their own business plan, knowing the business plan elements and structure • Knowing the marketing strategies, digital presence 	<p>Webinar duration: 2 hours with a 15/20min break Studying hours: 2 hours Quiz: 30 minutes max</p>

<p style="text-align: center;">PR 2 - Entrepreneurial skills Webinars (15th of September 2022 – 15th of December2022)</p>		<ul style="list-style-type: none"> • Making easy analysis of the environment, market analysis, competition analysis • Structure a management and financial plan • Get to know some useful practical advice and examples. 	
	8 th Webinar 29 th of September by EDF	<p>Copyrights and GDPR</p> <p>Learning outcomes:</p> <p>After the completion of the webinar, participants should be able to:</p> <ul style="list-style-type: none"> • Knowing more about the types of Intellectual property (patents, copyrights, trademark, franchise, trade secrets, etc.) • GDPR definition, objectives and facts • Get to know the practical implementation of GDPR. 	<p>Webinar duration: 2 hours with a 15/20min break Studying hours: 2 hours Quiz: 30 minutes max</p>
	9 th Webinar 13 th of October by IST	<p>FIND OPPORTUNITIES FOR YOUR BUSINESS:</p> <p>Learning Outcomes:</p> <ul style="list-style-type: none"> • create an Educational Package for Entrepreneurship mindset, • adopt a Strategic/analytical thinking, • create solid Labor Relations in the entrepreneurial world, • Recognize opportunities like an entrepreneur, • create models and designs for your venture and strategies for getting started, • design a Risk management plan, • develop a needs analysis, • discover suitable incubators and startups for your business 	<p>Webinar duration: 2 hours with a 15/20min break Studying hours: 2 hours Quiz: 30 minutes max</p>
	10 th Webinar 3 rd of November, by IST	<p>DIGITAL MARKETING</p> <p>Learning Outcomes:</p> <ul style="list-style-type: none"> • create the Digital Marketing plan for your social business • design dissemination plans, communication, • learn the importance of a good communication strategy, • identify your target groups, • learn how to promote your visual and brand identity • learn characteristics of a good social manager 	<p>Webinar duration: 2 hours with a 15/20min break Studying hours: 2 hours Quiz: 30 minutes max</p>
	11 th Webinar	<p>How to pitch your Business Idea</p> <p>Learning outcomes:</p>	<p>Webinar duration: 2 hours with a 15/20min break</p>

The European Commission's support for the production of this publication does not constitute an endorsement of the contents, which reflect the views only of the authors, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

	24 th of November, by UPRC	<ul style="list-style-type: none"> ● Understand the various audiences an entrepreneur may pitch to and how the pitch goals vary for each ● Define and develop the key elements of a pitch ● Describe a pitch deck and pitfalls to avoid ● Create and create an elevator pitch 	Studying hours: 3 hours Quiz: 30 minutes max
	12 th Webinar 15 th of December, by all partners	Sum up of the PR1 Webinars	Webinar duration: 1 ½ hours Studying hours: 1-3 hours Quiz: 30 minutes max
PR2 evaluation report		Trainers of the PR2 Webinar will fill an evaluation report for the progress of the participants.	
Webinar Platform		Zoom	

- For each session a Webinar Educational Package will be delivered to participants containing: the Webinar Script, the educational material (presentations, pdfs', videos, etc.) and quizzes for assessment.
- Each webinar will be video recorded and uploaded in the ENTER website (<https://www.enter-project.eu/>), after each session.
- At the end of each Webinar, the participants will complete an online evaluation form for the assessment of the implementation of the Webinar.
- In order to receive a Certification of Attendance the following criteria should be met:
 - Attending at least 8 of 12 in total webinars and completing all the assignments during them.
 - Completion of Evaluation form at the end of each webinar (the evaluation concerns the implementation of the webinar and not your progress)
 - Completion of any tasks or tests/quizzes for each webinar session
